~~1.~~

Claim Rejections - 35 USC § 102

~~1.~~ The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

~~2.~~ Claims 11 and 14 are rejected under 35 U.S.C. 102(b) as being anticipated by Elrod.

Elrod teaches a game board comprising a plurality of paths (spaces 1-118) leading to a performing stage (see FINAL STAGE on Fig.1), a series of tokens for players (128), a starting point (space 1, Fig.1), at least two decks of cards (124,126), a first deck of cards (124) as consequence cards having a key to path (col.9, line 55 “lose a turn”), and a second deck of cards (126) including a plurality of groups of cards (col.7, line 40 thru col.10, line 16).

Applicant may note that limitation “Band-member card group representing a band and members of band” is being interpreted as a rule for playing and does not add any weight to the apparatus as claimed.

Intended use of an apparatus does not add any limitation to the apparatus in the claim.

Accordingly the recitation of the object of the game carries little weight towards the claimed game.

Allowable Subject Matter

3. Claims 1-10 and 15 are allowed.
4. Claim 13 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
